Quantus Outperforms the Competition

- Doctors asked **Quantus** for a medical specific program and we delivered.
- Medical processing is different than Retail processing. In order to have a well managed office, you need to receive "Next Day Funding". If you are not, then you need to call **Quantus**.
- If you are paying over 1.00%, you are overpaying!! You are probably set up as a retail account.
- We focus on and specialize in understanding the medical environment.

"I know that with **Quantus** I am getting the best rates and technology available when it comes to processing."

- Dr. K. Orbeck

"**Quantus** has reduced our rates dramatically with their medical merchant services program. It is truly designed for the medical industry in every way. The savings that we are experiencing are more than we expected and their level of customer service and attention to detail are none like we have ever seen before when it comes to merchant processing."

- Dr. A. Badia

"We frequently get solicitations from other merchant service vendors and when we do bother to let them give us a quote, we end up continuing our relationship with **Quantus** not only because of the pricing but also because of the trust we have in them as a company."

- Dr. G. Hicks

"From presentation to implementation and from processing to support, **Quantus** is definitely a superior provider."

- Dr. C. Sabates

"This has been a significant benefit to me as a small business owner."

- Dr. J. Aird
